

Non-Toxic Pest Control

The eco-friendly, green solution to your mouse, mole, snake, & vermin problems!

No toxins, no chemicals, 100% natural, organic. And as an added bonus, you'll be SAVING LIVES.

A feral cat will keep your property rodent free for the price of daily cat food and fresh water. Sandra is seeking homes with a shop, barn, shed, or other shelter for healthy, neutered, vaccinated, feral cats.

Because these cats are not socialized to people, they are not adoptable and are euthanized at shelters - but they make GREAT working cats.

- **Spayed or neutered**
- **Vaccinated and healthy**
- **No adoption fee**

Contact Sandra

sandradaire@yahoo.com

- Application to be completed and must be approved by representative
- Mandatory transition of two or more weeks
- Food and water must be provided daily for lifetime of cat
