## You Did More In 2024

Cat Haven admitted 1052 cats and kittens into its adoption program and adopted out 938 into loving homes. We were able to decrease euthanasia rates in local and surrounding shelters by taking in many of their cats/kittens. We performed over 700 spay/neuters in-house with our amazing team of volunteer veterinarians and assistants. We thank each and every one of you for your generosity and passion for our cause. Without your support, we would not have been able to achieve these numbers.

Maintaining a robust foster program allows us to help more cats. At our Cat Haven Adoption Center, we can only house up to 75 cats at a time, but with the help of our foster homes, we are able to help many more. Our fosters rallied to help when we were faced with a hoarding situation, and when we were asked to take in cats from another area shelter that was closing its doors. Many of the cats from the hoarding situation were in very poor health and required a lot of extra medical attention. Our staff provided the loving care they needed, while you provided the medicine that was vital to their recovery.

This was the best year ever for our annual Cat Tales and Cocktails fundraising event. We are looking forward to its continued growth and success in the upcoming years. Donations were significantly up from the previous year, and we also received several grants, all of which we are very thankful for.

We will have some exciting new challenges in 2025 and a lot of news to share about our plans to increase our ability to serve the cats and people of our community. With your help, we can provide for more of our community's cats in need of assistance. Thank you from the bottom of our hearts for your support and kindness over the years.

*Holly Carey*

Executive Director**

# The Faces of Rescue

## — CHRISTINA FOSTER SPOTLIGHT

Christina Armistead has had cats in her house for as long as she can remember and has always loved them. She stated, “I’m obsessed with cats and enjoy being a foster for Cat Haven.” Christina says, “I honestly had no idea organizations like Cat Haven existed until I walked in the building to adopt Spoots in 2016.” When she was filling out the adoption paperwork, the Cat Haven representative casually mentioned that they were always in need of fosters and invited her to volunteer. She was very excited to volunteer and have an endless number of cats and kittens to take care of. Christina got her first foster, Andy (short for andouille sausage), a month later and has been fostering several cats a year ever since.

Christina loves getting foster cats who are extremely shy at first, so she can transform them into loving little furballs. She once got a group of 6-week-old kittens who were extremely distrustful of humans, so much so that they discovered a secret hiding spot in her kitchen that she didn’t know about. Her partner had to take apart her kitchen cabinets so they could get them out.

Christina says, “If you love cats, you should become a foster for Cat Haven!” She encourages people to be a foster and confesses that “she has nearly foster-failed several times, but... it gets easier and easier. Eventually, you will enjoy the experience of getting to know so many little furry personalities and feel good about helping them find a furever home where they are loved.”

# The Faces of Rescue

— **ALYSSA**  
VOLUNTEER SPOTLIGHT

Since childhood, Alyssa Hightower has wanted to be a volunteer at an animal shelter. She never had the opportunity until she went to college in Baton Rouge and heard about Cat Haven, and then she signed right up. She feels cats are one of the most misunderstood animals.

Alyssa has been a Cat Haven volunteer for over a year and loves hanging out with the kitties at the shelter and also participating in outside activities, like kitten yoga and adoption events. Alyssa likes how flexible Cat Haven is with schedules and how she feels appreciated for any help she can offer. Alyssa states she loves the opportunity to help and make a difference.

# The Faces of Rescue

— **ZAINAB**  
VOLUNTEER SPOTLIGHT

Zainab Yousaf began volunteering at Cat Haven in March 2023. Originally, she visited Cat Haven with a friend, then started coming on her own a couple of days a week after LSU classes. As a cat lover, Zainab signed up for Cat Haven volunteer orientation and then began volunteering as a kitty counselor. Zainab began caretaking the cats and kittens, providing fresh food and water, cleaning litter boxes, and tidying condos and colony rooms. Next, Zainab became a matchmaker, talking with the potential adopters who visited Cat Haven looking for a pet cat. Zainab spends time with the potential adopters, telling them about the cat's personality to make sure it is the right fit for both the cat and the adopter. Lastly, Zainab learned how to help with the adoption process, even helping at Petco events. Thank you, Zainab, for sharing your time and talent.

# The Faces of Rescue

— DR. WADE  
DONOR SPOTLIGHT

Dr. Jim Wade's journey as a cat benefactor began in 2000, when he came home from work and, to his horror, found a snake coiled up in his kitchen. Like many people, Dr Wade has no affinity for snakes. To avoid such a situation in the future, his secretary recommended that he get a cat to discourage such intrusions. It just so happened that she had the perfect outdoor cat for the job.

Never having had a pet (except childhood turtles), Dr. Wade and his wife had reservations but agreed to give the cat a try. As soon as he was brought to their house, however, the cat took off running and could not be found. Determined to be good owners, they put food out every night and every day. They soon realized the food was being eaten and finally had a sighting of the cat from a distance. He eventually felt comfortable enough to get closer and ultimately became a part of the family. Dr. Wade and his wife fell in love with their new pet, and he enjoyed his new life, going inside and outside at will. One day, when another snake appeared at the back door, Dr. Wade felt certain the cat would live up to his responsibilities. However, much to Dr. Wade's dismay, the cat jumped off the outside table, trotted over to the snake, sniffed it, and then went right inside!

Despite his tolerance for snakes, the cat remained a much-loved member of the family until he passed away in 2006 from inoperable nasopharyngeal cancer. Dr. Wade called his colleague (and cat expert) Dr. Peggy Polk for advice. She told him, "Jim, if you're going to have pets, you must understand that you will outlive them,"—truly prophetic words.

Since that first beloved cat came into his life, there have been many community cats and pet cats that have enjoyed Dr. Wade's personal commitment and shared their lives with him and Necia. Thousands of other cats in greater Baton Rouge have benefited from the dedication of the Wades to the mission of Cat Haven.

Dr. Wade first learned about Cat Haven in 2005 from Dr. Peggy Polk, who had been involved with Cat Haven for many years. She approached him about the sad plight of cats in the Baton Rouge area and asked him if he would be willing to help by joining Cat Haven's board of directors. However, Dr. Wade had a busy medical practice in plastic surgery and felt he was too involved with other medical and healthcare boards to take on anything else at the time.

Shortly thereafter, Dr. Wade became involved with Cat Haven as a donor, and later, in 2010, as a board member. As a donor, he and Necia are reliable and generous supporters of Cat Haven's events and campaigns. As a board member, he has served as president and treasurer, helping to oversee the financial health of the organization and guiding its growth. As an everyday supporter, he has helped Cat Haven with IT and computer services and recently bought a building kit, which he and his wife assembled as an outdoor storage unit for supplies. He continues to help with repairs and improvements to Cat Haven's facility.

Dr. Wade embraces Cat Haven's dedication to feline welfare and feels it is a much-needed public service. That is why he has become so involved. We are thankful for Dr. Wade's dedication, continued support, and commitment to establishing Cat Haven as the premier destination for cat rescue, care, and adoption.

## The Heart of Our Work

# OUR MISSION

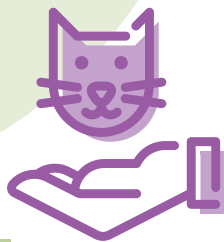

**Cat Haven's mission is to lead the Greater Baton Rouge area in becoming a no-kill community for cats and kittens by providing care, shelter, and adoption services, as well as advocating for routine spaying and neutering for population control.**

We're more than just a shelter for abandoned and rescued cats—it's a community-driven organization that relies on the support of compassionate individuals who share the mission of saving lives and helping cats find forever homes. Your involvement makes a difference. Join the mission today and help Cat Haven continue its work toward a no-kill community where all cats have a chance to live happy, healthy lives.
